

MESSM Summer School: Online Penile Implant Course

Day 1: Patient Selection & Implants

1. Welcome Speech (*Prof. Osama Shaeer*)
2. Patient selection and couple counselling (*Prof. AbdulRahman Zahran*)
3. Pre-operative preparation (*Prof. Yasser Farahat*)
4. Post-operative care (*Prof. Talal Merdad*)
5. Psychiatric evaluation (*Prof. Amr El Meleigy*)
6. Types of Penile Implants (*Prof. Jawad Feghali*)
7. Overview of operative techniques
 - a. Malleable Implant
 - i. Malleable penoscrotal (*Prof. Ahmed Shamsuddini*)
 - ii. Malleable subcoronal (*Prof. Mohamed Arafa*)
 - iii. Malleable infrapubic (*Prof. Ahmed Majzoub*)
 - b. Inflatable Implant
 - i. Inflatable penoscrotal (*Prof. Ahmed Ragheb*)
 - ii. Inflatable subcoronal (*Prof. Osama Shaeer*)
 - iii. Inflatable infrapubic (*Prof. Kariem Khalafallah*)

Day 2: Operating Theatres: Malleable Implant

1. Malleable penoscrotal (*open to all*)
2. Malleable subcoronal (*open to all*)
3. Malleable infrapubic (*open to all*)

Day 3: Operating Theaters: Inflatable Implant

1. Inflatable penoscrotal (*open to all*)
2. Inflatable subcoronal (*open to all*)
3. Inflatable infrapubic (*open to all*)

Day 4: Management of Penile Prosthesis Surgery Complications

1. Intra-operative distal extrusion
2. Intra-operative proximal perforation
3. Intra-operative cross-over (*Prof. Osama Shaeer*)
4. S-Shape deformity
5. SST deformity (*Prof. Osama Shaeer*)
6. Faulty trimming of the malleable (*Prof. Ahmed Ragheb*)
7. Failed closure of corporotomies
8. Urethral injury
9. Post-operative distal extrusion (*Prof. Osama Shaeer*)
10. Post-operative proximal perforation
11. Infection
12. Infection: Emerging science (*Prof. Osama Shaeer*)
13. Malleable implant fracture
14. Inflatable mechanical failure

15. Infection

Day 5: Advanced Techniques in Penile Prosthesis Surgery

1. Peyronie's disease
2. Length enhancement
3. Girth enhancement
4. Fibrotic cases (*Prof. Osama Shaeer*)

Day 6: Innovations and Future Perspectives in Penile Prosthesis Surgery

1. Single Corporotomy PPI (*Prof. Osama Shaeer*)
2. Abdominal Crease Access (*Prof. Raffael Carrion & Prof. Osama Shaeer*)
3. Shaeer's Cavernotme (*Prof. Osama Shaeer*)
4. Fork Dilator (*Prof. Ahmed Ragheb*)
5. Mitomycin (*Prof. Osama Shaeer*)
6. Carrion Cast (*Prof. Raffael Carrion*)

Day 7: Exam - Ask the Experts
